

## Wilson Reading Programs

Wilson is a provider of research-based reading and spelling programs for all ages. Its multisensory, structured curricula – Foundations®, Wilson Just Words®, and the Wilson Reading System®, have been proven highly effective.

With Wilson, the path to meeting literacy objectives is all mapped out. The best way to achieve literacy success is to identify the individual student's needs and then implement the correct teaching strategy. Each model differs in practice, intensity, and duration, but all have been designed to help students master the appropriate level of literacy.

- All Programs will be held at the SRI&ETTC on Jimmie Leeds Road in Galloway, NJ.
- Lunch will be provided at each program.
- SRI&ETTC POOL Hours may not be used for registration at these programs.
- Although we encourage non-member districts to register for these programs, multiple teacher discounts are only available to SRI&ETTC Member Districts.
- Additional sessions may be available in July and August.
- For information and registration, visit the website at [www.etc.net](http://www.etc.net)

# Professional Development in Wilson Reading Programs Available at SRI&ETTC - Stockton University

Wilson **Foundations** makes learning to read fun while laying the groundwork for life-long literacy. Students in grades K-3 receive a systematic program in critical foundational skills, emphasizing:

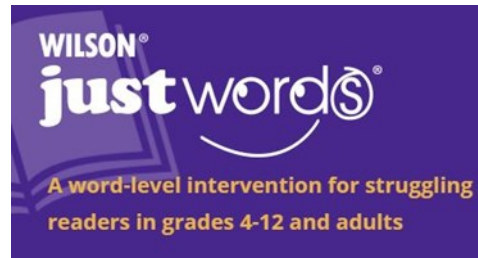

- Phonemic awareness
- Phonics/word study
- High frequency word study
- Reading fluency
- Vocabulary
- Comprehension strategies
- Handwriting
- Spelling

**Foundations** serves as a prevention program to help reduce reading and spelling failure. It is integral to a Multi-tiered System of supports (MTSS) or Response to Intervention (RTI) framework, providing research-based instruction in Tier 1 as well as early intervention (Tier 2) for students at risk for reading difficulties.

## **DATES:**

Foundations (K) June 1, 2017—8:30 am-3:00 pm  
Foundations (1) June 2, 2017—8:30 am-3:00 pm  
Foundations (2) June 6, 2017— 8:30 am-3:00 pm  
Foundations (3) June 7, 2017— 8:30 am-3:00 pm

**COST:** \$178 per day/per person or 7 ETTC Hours. Each additional teacher from the same district registering for the same day would be \$135 or 5 ETTC Hours per person.

**Just Words**® is a highly explicit, multisensory decoding and spelling program for students in grades 4–12 and adults who have mild to moderate gaps in their decoding and spelling proficiency but do not require intensive intervention. The program is designed for students with below-average decoding and spelling scores and should be combined with other literature-rich programs.

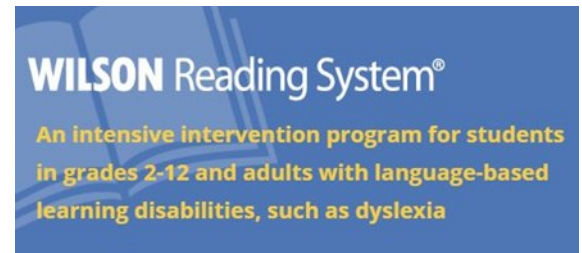

Just Words aligns with a school or district's Multi-tiered System of Supports (MTSS) or Response to Intervention (RTI) framework of instruction by delivering a Tier 2 intervention addressing a sophisticated study of word structure with explicit teaching of “how English works” for both decoding and spelling automaticity. It is designed for students who can benefit from the targeted word study focus without requiring the more comprehensive intervention of the Wilson Reading System®.

## **Just Words – A Two Day Program**

### **DATES:**

May 30-May 31, 2017  
8:30 am-3:00 pm each day

**COST:** \$295 or 12 ETTC Hours per person. Each additional teacher from the same district registering for the same dates would be \$250 or 10 ETTC Hours per person.

The **Wilson Reading System**® (WRS) is the flagship program of Wilson Language Training® and the foundation of all other Wilson programs. WRS is an intensive Tier 3 program for students in grades 2-12 and adults with word-level deficits who are not making sufficient progress through their current intervention; have been unable to learn with other teaching strategies and require multisensory language instruction; or who require more intensive structured literacy instruction due to a language-based learning disability, such as dyslexia.

As a structured literacy program based on phonological-coding research and Orton-Gillingham principles, WRS directly and systematically teaches the structure of the English language. Through the program, students learn fluent decoding and encoding skills to the level of mastery.
